PSC APPROVES AGREEMENT REACHED IN WATER TERRITORIAL AGREEMENT CASE

Jefferson City (December 1, 2004)---The Missouri Public Service Commission has approved an agreement which will amend a water territorial agreement between the City of Centralia and Public Water Supply District No. 10 of Boone County.

The amendment will transfer one tract of land from the District water service area to the City's water service area. According to the application, no existing customers of either applicant will be affected by the amendment to the current territorial agreement. The Commission approved the original territorial agreement in February 2002. That agreement designated the water service boundaries of the City and District within Boone County.

The agreement approved by the Commission was submitted by the City of Centralia and Public Water Supply District No. 10 of Boone County, the PSC Staff and the Office of the Public Counsel (OPC). OPC is a separate state agency which represents the general public in matters before the Public Service Commission.

The Commission approved the agreement stating in its decision: "Based on its findings of fact, the Commission concludes that the amendment proposed by the City of Centralia, Missouri, and Public Water Supply District No. 10 of Boone County, Missouri, is not detrimental to the public interest and should be approved."
